To Whom It May Concern,

I am writing to recommend **Ayan Bhattacharya**, who worked with us at **Tapzy** as a **WordPress Developer** for a period of two months. During this time, Ayan consistently demonstrated a high level of technical skill, dedication, and a strong understanding of WordPress development practices.

Despite the relatively short duration of his engagement, Ayan made meaningful contributions to several projects. He was responsible for creating and customizing WordPress themes, optimizing site performance, and ensuring responsive design across devices. His ability to troubleshoot issues efficiently and implement solutions with minimal supervision was particularly commendable.

Ayan exhibited a proactive attitude, quick learning capabilities, and a collaborative spirit. He was always open to feedback and worked well within our team to deliver quality work within tight timelines. His work ethic and professionalism made a positive impression on both colleagues and clients.

I believe Ayan has the potential to excel in any development team and would be a valuable asset to any organization looking for a reliable and skilled WordPress developer. I recommend him without hesitation and wish him all the best in his future endeavors.

Please feel free to contact me for any further information.

Sincerely,

Kunal Kothari
